Designed to control cervical spine motion...

...now extend that control.

The Pacific™ Adjustable Collar is designed to provide your patients with effective control of cervical spine motion. Now, when necessary, that control can be extended with a new Thoracic Extension (TE) option.

PACIFIC™ TE FEATURES:
- Intended for low cervical/high thoracic immobilization
- Available in one, height adjustable, size
- Quickly and easily snaps-on to the Pacific™ Adjustable Collar
- Can be purchased separately, or as a fully assembled CTO
