

## Soleus – the Latest Innovation from College Park

The patented Soleus foot is another first in a long line of innovative and unique designs from College Park. The Soleus integrates multiple composite springs through a tough, flexible plantar ligament. This unique design produces the quality and range of motion College Park is renowned for while also returning very high levels of energy. The Soleus is sure to find a place in your practice and in the hearts of the amputees that wear it.
