

Endolite presents the latest in advanced
microprocessor technology

ORION
&
élan

From quick and easy
programming
to microprocessor controlled
hydraulics that rapidly select
the support needed for
everyday activities,
empowering amputees to
get busy living

Introducing the ORION
software suite.
Our new ORION software gives
you the option of using
OnBoard Smart Programming or
the PC based software suite.
Program and monitor settings,
make fine tune adjustments, and
record and save user details and
settings to the database.
