

The Aura and Echo locking seals are internal seal systems developed as a compact and lightweight approach to securely lock the liner to the inner wall of the socket. They are designed specifically to be compatible with Origin silicone liners and vacuum and expulsion systems.

# Aura & Echo

Together the **Aura** or **Echo** combined with the **Origin OTS** are an innovative and cost effective solution for vacuum and expulsion systems.

# ORIGIN<sup>TM</sup> OFF THE SHELF

Origin OTS Liners, created from a medical grade silicone formula, is naturally compatible with human tissue and resistant to fluids and bacteria, which allows the liner to remain fresh and odor free after each use. They are intended for patients of all lifestyles and activity levels and are compatible with both Aura and Echo Locking Seals.

Choose from 3 varieties of Origin OTS: Origin, Origin X, and Origin XV. Available in cushion, locking, and matrix. The Aura Locking Seal is designed for soft tissue density; The Echo Locking Seal for medium to firm tissue density.
