

“The advanced silicone formula designed specifically for the orthopedic industry combined with our silking technology* makes Origin Liners the best choice on the market today for vacuum and expulsion systems.”

ORIGIN™

Custom &

OFF THE SHELF

for the best choice in vacuum and expulsion systems

Features

- › Advanced medical grade silicone formula
- › Uses Evolution’s silking technology*
- › Silky surface allows liner to slide on itself
- › Easy to don and doff
- › Compatible with vacuum and expulsion socket systems
- › Easy to care for and keep clean
- › No coatings that can crack, peel, or wear off
- › No covers that tear or run

what is ORIGIN?

Origin Liners are created from a leading edge medical grade silicone formula that is naturally compatible with human tissue and resistant to fluids and bacteria, allowing the liner to remain fresh and odor free after each use. Origin liners never reduce in strength or thickness and are intended for patients of all lifestyles and activity levels.

Which One?

The Custom Origin is custom designed by a certified prosthetist and excellent for uniquely shaped limbs. The Origin Off the Shelf is better suited for standard shaped limbs.
