

Look for the Wave Feature under Custom Origin at www.evoii.com

ORIGIN™ Wave

for Greater Freedom of Movement

Wave Features:

- Reduced liner distal pull
- Increased elasticity over the anterior and posterior planes for easier knee flexion
- Reduced bunching behind the knee during flexion

Custom Origin Liner Features:

- Custom designed by a certified prosthetist
- Advanced medical grade silicone formula
- Silky surface eases donning and doffing
- Good for uniquely shaped and/or sensitive limbs
- Compatible with vacuum and expulsion socket systems
- Easy to care for and keep clean

Evolution's **Wave Feature** for the **Custom Origin** is excellent for patients of all lifestyles and activity levels who want superior freedom of movement.
