

PLIÉ3
MICROPROCESSOR KNEE

o o o

- Stronger
- Smarter
- Submersible

Stronger construction makes the new Plié® 3 Microprocessor Controlled (MPC) Knee both submersible and more rugged than ever. Yet it's still the fastest MPC knee, responding 10 to 20 times more rapidly than other MPC knees. With the most responsive stumble and fall protection, users can instinctively move at their own pace in any direction... even if it's taking small short steps or pivoting in confined spaces. And with a more streamlined, intuitive set up, the Plié 3 MPC knee makes it even easier for prosthetists to help patients expand their freedom.

To learn more about the Plié 3 MPC knee please contact Freedom Innovations at **888-818-6777**
