

INTRODUCING FROM FRIDDLE'S LIMBGUARD™ SYSTEM & THE "GOSS"

Limbguard™

PATENT PENDING

The **Limbguard™** system (patent pending), once again shows our commitment to innovation. The Limbguard is a cost effective postoperative residuum maintenance/knee R.O.M. preservation system that is completely customized by the practitioner—*on site*. Volume fluctuation is accommodated via the floating pretibial section and our proprietary distal Gills™ for the perfect fit!

L5450 IPOP, Rigid dressing

\$149.90

Las Vegas!
AOPA booths
#5171E1 & E2.

Proudly Introducing "GOSS"

Friddle's Orthopedic is pleased to announce that we will be fabricating the custom orthoses for the Gomez Orthotic Spine Systems, "GOSS". Dr. Gomez dedicated much of his career to scoliosis research after learning that his daughter, at 9 months of age, was diagnosed with infantile idiopathic scoliosis. His dedication to this cause has resulted in an industry innovation that will change the lives of thousands of patients.

To learn more about these and other industry leading innovations, visit us online or call today!
