

GUARD
INDUSTRIES, INC.

Duraflex
Inner Boot

Duraflex™
Since 1998

*A soft, semi-transparent
pliable thermoplastic that combines
comfort, durability & strength for
pediatric applications.*

- Extremely strong, but soft - may allow longer wearing
- Can be formed at a much lower temperature with little or no vacuum
- Bonds extremely well (is a permanent bond)
- Crack and tear resistant
- Washable, hygienic & non-toxic
- Does not lose memory after cooling
- Billing code L2280
