

PROPRIO FOOT®

28° OF FLEXION. BECAUSE THE WORLD ISN'T FLAT.

The world is an uneven place, with ramps, stairs and a variety of terrain to navigate. That's why PROPRIO FOOT has a flexion range of 28°, the most of any microprocessor foot. So your patients can walk their way, anytime, anywhere.

OTHER KEY FEATURES:

- Highest weight limit (275lbs) and greatest size range (22-30cm) enable you to fit the widest range of patients.
- The only PDAC reviewed microprocessor foot.
