

THE KINETIC REVOLUTIONS ADJUSTABLE PYLON:

BUILT TO LAST. FIT FOR ALL.

Trusted by practitioners for patients of every age and activity level.

From around the track to around the block, Kinetic Revolutions Adjustable Pylons offer strength and stability in three sizes: Standard, Short and Pediatric. Designed and tested for definitive use, these aluminum pylons eliminate cutting, grinding and wasted pylon scraps so that you and your patients are in and out in record time. Visit kineticrevo.com or call 301-360-3520 to get your patients up to speed.
