

**Unmatched quality.
Unmatched service.**

Motion Unlimited. Providing patient-focused, dependable and consistent fabrication services to orthotic and prosthetic professionals.

We offer thermoplastics, laminations and prepreg for the following devices:

- AFO and KAFO
- AK/BK and Symes
- Above and below elbow
- Hip disarticulations

We specialize in dynamic prepreg with our DP Line of AFO and KAFO orthotic braces:

- Customizable forefoot and spring flexibility configurations
- Light weight
- Responsive dynamics
- Low profile
- No de-laminating
