

NOW, YOU HAVE A CHOICE

THE OPIE CHOICE NETWORK

COLLECTIVE INTELLIGENCE COMBINED STRENGTH MEASURABLE QUALITY CARE

With over 1,600 combined OPIE and Futura International locations operating under one community, a powerful opportunity exists for O&P practices to use electronic medical records to leverage their data, their purchasing power, and their expertise collectively that builds strength for their businesses individually. The OPIE Choice Network is uniquely positioned to bring its members the ability to remain independent while leveraging the power of a dramatically larger pool of like-minded businesses to create the highest standards of quality patient care as well as business values.
