There are now over 150 O&P companies using OPIE Software, including more than 50 that have switched in the past nine months.

Not using OPIE yet? You are missing out on these features and many more designed specifically for O&P:

Clinical workflow management with dozens of O&P-specific clinical forms

Work-in-Progress Dashboard that automatically tracks all administrative steps

Billing & Collections with an efficient tasks system and no double entry

Customizable Reports for detailed analysis of your practice

Favorites and templates that speed up most common tasks

Purchasing & Inventory that saves time by streamlining and centralizing

Fabrication tracking to help ensure all jobs are completed on time

Rapid evolution with at least 6-8 major updates per year

Knowledgeable tech support staff who work only with O&P companies

Lower pricing than systems that offer far less to an O&P practice

OPIE SOFTWARE

With new pricing, it costs less to get started with OPIE than you might think. Contact us for a free demonstration.
