

# Covers shouldn't take more than 8 minutes!

## Try ENDOFOAM on your next BK and see what you've been missing!!

- The only pourable urethane soft foam cover system
- Easy to use with anatomically shaped finishing molds
- Eliminate shaping, touch up with Cliffside Cutter™
- Density matching that of human tissue
- Foam molding enhances cosmesis
- Awesome material cost savings \$4.00 per BK
- Free instructional video with first purchase
