

He's ready...Are you?

My Axtion® DP makes flying a snap! The lightweight pylon design redefines "Up up and away."

Zing!

Holy torsional movement!

Swoosh!

S-style pylon for flexion and adventure.

Skrunch!

Smooth compression for softer landings.

Kapow!

Durable, energy returning for better take-off.

Get Your Patients Ready

Otto Bock's Axtion® DP. Lightweight yet powerful and flexible. Proven design of the Axtion® plus a dynamic pylon equals high performance.

Get your patients ready for action. Call 800.328.4058 (U.S.) or 800.665.3327 (Canada) to get them the Axtion® DP.
