

You Made Otto Bock's C-Leg® the #1 Knee for Thousands of Great Reasons.

13,000+
50,000+
50
1,900
#1

The number of C-Leg users worldwide.

The average daily number of valve settings which occur automatically, ensuring user stability and function.

The number of times per second the C-Leg's sensors gather data to adjust gait speed and improve stability.

The growing number of U.S. prosthetists trained to fit the C-Leg.

Choice of patients and prosthetists around the world.

One more number you should know, **800.328.4058**. Give it a call to get the quality and stability thousands of prosthetists and their patients have come to rely on.

Circle # 3 on Readers' Service Card
