Quality for life

New!

A new member of the family

Say hello to the waterproof X3

Clinically proven function, unmatched patient satisfaction – your patients get it all from Ottobock, the leader in microprocessor knee technology.

Now your active patients can experience unprecedented levels of function, with the X3, the first completely waterproof MPK (with the tests to prove it!).

Ultimate mobility and independence, only from Ottobock.

Contact your sales representative or call 800 328 4058.
