Quality for life

Harmony[®] Active Vacuum Systems

Trust 10 years of experience

Whether you're using the Triton Harmony foot, the Harmony E2 electronic pump, or the Harmony P2, P3, or HD structural pumps, Ottobock Active Vacuum systems keep you connected!

Volume control Proven volume management backed by clinical research

Sweat reduction Configurable for moisture evacuation

Connection More surface area under vacuum means better linkage and control

Safety The sleeve backs things up in case the vacuum seal leaks

Options Add an Anatomic 3D liner and ProFlex sleeve for even greater success!

Follow the leader with the best active vacuum systems on the market!
