

## “Peachtree helped me...”

Jimmy Joseph is an Olympic curling athlete. He receives monthly payments from a structured settlement.

Jimmy sold a portion of his structured settlement to

Peachtree Settlement Funding in November 2006.

He needed the money to pay off medical expenses.

Jimmy had both legs amputated after an accident in 1987. Today, he is an expecting father... he is an Olympic athlete... AND he is debt free. Life doesn't wait. Why should you?
