

How can you make technical prosthetic procedures seem like magic?

PRESTO!

Prothetics **R**esearch **E**ducation **S**pecialists **T**raining **O**n the road!

PRESTO!, the new mobile education lab from Prosthetics Research Specialists, allows technical prosthetic procedures to be taught anywhere in the country. No more lost production time due to travel days, and no more unnecessary hotel and airline expenses. We bring our mobile prosthetic educational lab right to your facility. This innovative approach to education gives new meaning to distance learning!

We have several basic courses already approved for continuing education credits, or we can custom design a course on a variety of technical topics to meet your particular needs. We can teach the basics to a brand new technician, or refine the skills of even your most skilled technician. Whatever your training needs are, we can help!

Call us today for more information on how Putting the *Power of PRS* behind you can help make technical prosthetic procedures seem like magic!
