

# NEWS FLASH 3D Bracing is not new. We've been doing it since 1995.

Others claim that 3D bracing is something new, radical & improved...regarding this "unbelievable" innovation & "fantastic" technique of using CAD/CAM software for making Scoliosis braces three dimensional: Spinal Technology has been doing this new, innovative & spectacular technique since 1995.

Full Time SCT Scoliosis Orthosis by scan or cast

SCT (Cheneau Style) Scoliosis Orthosis

We're scoliosis specialists with over 25 years of experience crafting thousands of custom scoliosis orthoses in multiple styles, including our own advanced **SCT 3D Modification System** using the latest CAD/CAM technology.

**TECH<sup>2</sup> PROCESS**

Spinal Technology now utilizes the most advanced system in the world to fabricate your spinal orthosis.

The **TECH<sup>2</sup> PROCESS** combines the precision of CAD CAM technology with the hands on expertise of our skilled technicians. As a result we are producing the most accurate fitting custom orthosis available in the market today.

The **TECH<sup>2</sup>** multi-tiered process of design and fabrication assigns equal emphasis to each facet of the procedure allowing us to focus on the essential details of every phase.

Features of the **TECH<sup>2</sup> PROCESS**

- Computer enhanced modifications
- Accelerated turn around time
- Personalized specifications
- Exacting replication of patient data

Spinal Technology is dedicated to offering only the finest in service and quality. We take all steps necessary to achieve this goal.
