

Hardware made easy.

**We buy in quantity,
so your top quality
parts cost less.**

Looking for a reliable source of high-quality hardware for use in your orthoses? Look to Spinal Technology. We provide the parts you need at truly low prices, because we buy in huge quantities for our own fabrication business. Whatever you need – milled screws, barrel nuts, loops & chafes, hook and loop Velcro®, plastics and all types of adjustable strapping – you can find at Spinal Technology. Because we're a leading fabricator, you'll be receiving the same quality materials we use in our day-to-day operations, so you can trust the quality of Spinal Technology hardware.

At prices you'll appreciate.

Contact your local sales representative or call us for more information on specific materials and parts lists.
