## The Providence Nocturnal Scoliosis Orthosis

**This night-time only brace works around the clock to let girls be kids too.**

Studies have shown that the Providence brace, a spinal orthosis worn only at night, is just as effective in the treatment of adolescent idiopathic scoliosis as full-time braces. That's important, because compliance increases when braces don't interfere with a child's everyday life. Spinal Technology is proud to be the exclusive manufacturer of the Providence.
