Dusty Fellure

REAL SOLUTIONS FOR REAL PEOPLE

The DuraLite™ Foot
Durable, lightweight performance

The DuraLite Foot is one of the best values on the market for people like Dusty who need a lightweight foot without compromising durability or performance.

Newly designed proximal adapters allow for the practitioner to easily modify the clearance of the foot without drilling holes. A urethane toe pad enhances medial and lateral motion while the split heel conforms to the floor, providing added stability.

Ohio Willow Wood
Free the body. Free the spirit.
